CAMPBELL WAITING FOR FRIENDS.

His Case Again Postponed Through Lack of Counsel and Witnesses.

The case of Charles J. Campbell, who the police claim, is the man who signed himself "Desperate Devil" to the threatening letter received by President King, of the New York, Lake Erie and Western Railroad, on Monday afternoon, was called before Judge Kilbreth in the Tombs Police Court this morning.

In his letter Campbell demanded \$50 of President King, and threatened to destroy the company's property if the demand were refused. Campbell was arrested by means of a decoy letter. He denied all knowledge of the matter, and referred the police to Felix F. Daus, of No. 21 Beekman street, as his last employer, with whom, it seems, he worked

GOOD LUCK FOR PATRICK NEALIS.

A Brother and a Fortune Awaiting His Return to This City.

Patrick Nealis, age twenty-two years, left this city in 1856 in company with a man named John Nolan to seek his fortune in the gold mines of California. Nealis and Nolan separated from each other when they reached California. Nolan returned to New York. where he now lives. Since that time the whereabouts of Nealis has not been known, although diligent search has been made for him by his brother, James Nealis, who has spent considerable time looking him up. He went to California for that purpose in 1863. He did not succeed in finding him, but as Mr. Nealis's father died last January, leaving considerable property, and as a house and lot in Brooklyn worth \$12,000 was left to his lost brother, he inserted an advertisement in a morning paper to day offering \$200 reward for any information concerning him.

When an Evenino World reporter was talking to Mr. Nealis to day, a young man of the name of Charles Kelly, a laborer living at 180 Franklin street, called at the house and said: "I have got your brother." Kelly said that he has known a man by the name Patrick Nealis for the last ten years, and that his age and other particulars correspond with the description given.

Kelly further explained that Patrick Nealis had been laboring round the docks for some though diligent search has been made for him

ALL BROOKLIN AT THE FAIR.

DR. TALMAGE'S BIG CHURCH A SCENE OF UNWONTED GAYETY.

Pretty Girls and Charming Matrons Sell Everything, from a Stick of Candy to a Cooking Stove, at the Tabernacle's Sixth Annual Fair—The Various Tables and the Young Ladies Who Presided Over Them.

The quaint and staid, yet beautiful edifice which Brooklynites admire and revere, the Tabernacle, where the Rev. Dr. Talmage has long held sway, presents to-day, as it has for the entire week, a picture as charming, simple and variegated as the deft fingers of pretty maidens and the substantial work of mechanics could well frame.

For the sixth year the annual fair, which all Brooklyn's good citizens are interested in, claims feminine attention enin, claims feminine attention entirely and as well the interest
of such male members of the
congregation, as have the temerity to enter
the ring where the prettiest of girls in the

Within the Tabernacie, the scene, when the fair is at its height, forms one of the most delightful panoramas one could admire. The main body of the church has been floored over the seats, and while large, is barely sufficient to hold in comfort the throngs that surge through the place, will-

ing victims to the batteries of the fair attendants.

The tables are unusually attractive. Precedent, no doubt, gives to the confection table, whose dainties are disposed of by Miss L. A. The House That Jack Built is an attractive establishment near the organ. Singularly enough, the door is in the third story. The little opening where the door should be, however, serves for the entrance of dimes without number. Miss L. R. Pelletreau, Miss F. T. Draper, Miss Carlisle and Miss R. E. Granger are supposed to live here during fair hours. At the left of the entrance is the Light House. That institution is presumed to guard one from danger, but it allures to danger of the pocket. A dozen matrons are the keepers, three possibly to lure the unsuspecting one to the attractive display, and the remainder to pillage him, when he is ship-wrecked, as it were, by the delights of the thousand and one oddities. CRASH! BANG! THE POLICE!

A PRIZE-PIGHT IN JERSEY CITY INTER-RUPTED BY BLUECOATS.

ne of the Principals and Twenty Sport from New York Captured - Exciting Dushes for Liberty - Heavy - Weight Tracey Proves Too Fat to Get Through a Window-One Round Fought.

"The West Side Driving Park, Jersey lity, at 10.30," was the tip circulated among the purchasers of \$5 tickets to awkin-tight, glove fight to a finish between John Smith and Pat Curtin, two middle-weight aspirants to pugilistic honors. Both come from this

The club-house at the trotting park, which is kept by Fred Keefe, formerly interested in the Chelsea, in West Twenty-third street, and Tommy Geraty, formerly of Harry Hill's. was packed with sporting men, many of whom had not complied with the formality of putting up the \$5 asked for a ticket.

A long delay was caused by the non-appearance of Smith and his backer.

The ring was pitched under the grand stand. Frank Stevenson was chosen referee, and Ned Plummer and Bob Turnbull kept the time. Smith was handled by Jack and Howie Burgess, while Curtin was attended

by Jack Files and Steve Brodie.

Smith is thirty years old, scaled 155 pounds and stands 5 feet 6½ inches.

Curtin is twenty-nine years of age, weighs 160 pounds and is half an inch shorter than

160 pounds and is half an inch shorter than his opponent.

Smith "set" in his chair like a sprinter on his mark after the kid gloves had been put on and all was in readiness. At the call of time, at 1.26 o'clock, he dashed over to Curtin's corner and hit him almost before Curtin was off his chair. Curtin elinched his man at once, and after a couple of punches had been exchanged, caught Smith by the leg and threw him. They wanted to fight while on the floor, but Stevenson made them get up and told them not to wrestle again.

They slugged away desperately for a moment, then went down in a clinch again. Neither relished the punches he got much, and the rest of the round was cautions.

The men had hardly faced for the second round when crash! bang! and the spectators jumped away from one side of the ring, where a treacherous support seemed to have given

way under its burden.

It wasn't a broken timber, but a force of Jersey bluecoats, who smashed in the doors and windows in no time. The way the two hundred and odd spectators got through the windows at the back of the stand was sur-

prising.
Steve Brodie was collared in a trice, as was Smith. Curtin escaped through a window with Frank Stevenson, Jack Fogarty and a well-known Bleecker street sport.

Smith was held in \$1,000 bail for trial, and George Kane, his sponger, was held in \$500 bail. George Thatcher, of 109 Waverly street, Jersey City, furnished the bail, and they were released.

CHILDREN IN DANGER.

What Threatens the Little Ones Above the Harlem-Two Summers in a Boy's Life.

In North New York, where I live, nearly everybody has more or less malarial troubles, from grown people down to little children. My own children, three in number, aged respectively four, eleven and fourteen years, have all had it. The oldest, a boy, has had it in its worst form. One year ago last August he had an acute attack. The doctor said he did not see how it could have been more severe. For six long weeks, right in the heat of summer, the boy was down sick. He had pains and distress in pretty much all parts of his body. His head ached almost all the time, he complained of pair and his sleep, was in bed a good deal, and could scarcely

Plainly quinine could not cure him, and we knew of noth ng elee. At this time a neighbor-Mrs. Frederick ing else. At this time a neighbor—Mrs. Frederick Miller, whose husband was actually saved from death by Kaskine—said to me: "Why don't you try Kaskine for your boy?" Feeling how stupid I was not to have thought of that before, I got a bottle and began giving it to him. He got better right away. The dreadful rearing in the ears, that had troubled him so, stopped, and

he got strength and sleep, and when echool op was able to attend, and has done so ever since. MRS. EMMA WILLEY. 610 East 157th at., New York.

Philanthropist Corcoran's Daily Ride.

[From a Washington Letter.]
Mr. Corcoran rives about daily in a close carrisge. He is helped in and out, and a man servant takes his arm as he walks. He is always dressed in the cleanest of clothes, and he looks like wealthy French count. He has a mustache as wealthy French count. He has a mistache as white as the driven snow, and his head is a big one, firmly seated upon a pair of broad shoulders. He sports yellow kid gloves, often wears a white necktie, and his over-gathers are of the latestyle. He has given about \$3,000,000 away in charity, and he has, I venture, at least \$10,000,000 left. He does not do much else in n look after his property, but I am told that he understands his his business as well now as he ever did, and the busibusiness as well now as he ever did, and the business men of Washingt h say that the weather is decisedly sold when Corcoran gets left in a bust ness transaction. Corcoran's house and grounds are worth perh ps \$200,000. He has nearly a whole block to himself, and the house he lives in was occuped by Daniel Webster when he was Secretary of State.

The place selected was an old house on the bank of the river selected was an old house on the bank of the river at the foot of High street. Six ferrers and three Scotch terriers had been procured for the occasion, and it was evident that if the rat supply was sufficient there would be some lively-port. The terrets were let bose, and to a few mannes the fun began. First an old gray beard came out of a hole as if shot from a gun. One of the terriers mabbed him, gave one victous shake and his dead body was thrown in the box. Then the rats negan to pur out in streams. The little terriers sta longed themselves, and as the rats came out, in an effort to selve-, and as the ra's came out, in an effort to escape the blood-thir ty ferr is, the terriers pounced upon and klifed them. The sport lasted about two hours and the box contained 145 dead rats.

What Weak, Tired and Exhausted People Should Do.

Advice Which May Be of Great Benefit to Sufferers from Disease.

The Best Tonic and Restoraative Ever Known.

In this age of advertised medicines it is a pleasure to notice at least one which is of the most undoubted ben-efit, in all cases, as far as we can learn, not only affordefft, in all cases, as far as we can learn, not only short-ing relief, but effecting a perfect and permanent ours. We refer to Dr. Greene's Nervurs Nerve Tonic, pre-pared by that well-known lecturer and eminent special-ist in the treatment and cure of nervous and chronic ist in the treatment and curve of nervous and curons diseases, and which is, probably the most perfect curs for all forms of nervous affections and weak and ex-hausting diseases yet discovered. The wonderful curse it is effecting among nervous diseases, such as pervous-ness, weakness, nervous and physical exhaustion, nervous prostration, sleeplessness, despondency, mental de-pression, tendency to insanity, paralysis, numbness, St. Vitus's dance, neuralgia, rheumatism, pains in the side and back, palpitation of the heart, nervous and sick headache, nervous dyspepela, indigestion, and the many kindred nervous affections, give it a position far above any other remedy at the present day. common.

Most physicians, knowing of a perfect remedy or surecure for a certain class of diseases, desire to keep the fact to themselves, in order to build up a professional reputation in their private practice by making curve which only they can accomplish. Dr. Greens, on the contrary, although he has the largest practice in the United States among diseases of the nervous system, and has the most remarkable success in their curs. knowing and using this wonderful remove, as wellous vir-to give the whole public the benefit of its marvellous vir-tues. He has placed it, therefore, on sale at all drugenowing and using this wonderful remedy, is det gists', at \$1 per bettle. He may be consulted in rega to its action, or in all cases of nervous and chronic dis-eases, free of charge, personally or by letter, at his office, 35 West 14th st., New York. Dr. Greene's book "Nerv-

ius Diseases and How to Cure Them," will be sent by mail to any address free. Too much cannot be said in praise of this truly small remedy. Nervous affections are so prevalent at the pres-ent day, and their symptoms so distressing and amoring that a positive specific like this medicine, which affords

for all forms of nervous disease, attended by physical ex-haustion, is a boon to the community that cannot be too highly estimated, and the news of such a cure cannot be on widely spread.

In thus giving our indorsement to Dr. Greene's Nervura Nerve Tonic, we speak what we know in regard to the remarkable merits of this particular reme meet persons daily who have been suffering for k months or years with nervousness, sleeplessness, pe and aches, a tired, languid feeling, weakness and orba tion, or some other form of nervous disease, who have been perfectly and permanently cured by the use of the Nervura Nerve Tonic. There have been many serious cases of exhausted nervous vitality, nervous and physical exhaustion, and nervous presention which had been pronounced incurable by physicians, but which have been entirely restored to health, giving the persons re-

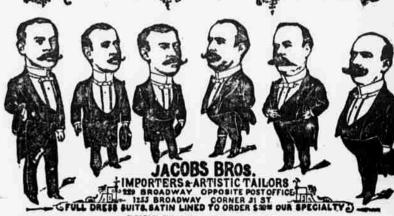

by this remedy. It is an absolute specific for nervous debility. Young men with weakened nervous and ex-hausted vitality can regain their strength by its use. It restores lost energy and invigorates the weakened vital

restores lost energy and invigorates the weakened vital forces in old and young.

The medicine having such a record of curs, it is not surprising that the people everywhere should accept it eagerly as being not only the safest and most certain cure, but also by far the cheapest, as its low price places it within the reach of all.

It is a positive fact, therefore, that there is no real need It is a positive fact, therefore, that there is no real net of persons suffering from the nervousness, weakness tired feeling, languar and exhaustion which afflict is large a proportion of our people. Thousands have per ished from these affections who might have been cure had they but known of this remedy, and thousands more are daily failing in health, gradually becoming more and more weak, nervous and exhausted, who can easily and
